

Generac Issues Annual Environmental, Social, and Governance Report

April 26, 2022

WAUKESHA, Wis., April 26, 2022 /PRNewswire/ -- [Generac Power Systems](#) (NYSE: GNRC), a leading global designer and manufacturer of energy technology solutions and other power products, today announced the issuance of the [Company's annual Environmental, Social, and Governance \(ESG\) report](#) for the period ending December 31, 2021. The report provides details on key acquisitions completed in 2021 that demonstrate how Generac energy ecosystems are accelerating the transition to smarter and more sustainable forms of energy, and how the Company is deploying on its mission to lead the world's evolution to more resilient, efficient, and sustainable energy solutions.

In the document, Generac also shares information regarding the Company's operational sustainability and resource management, as well as its commitment to social responsibility and the health and wellness of its employees, customers and communities. Building upon its first ESG report, Generac again conveys its commitment to corporate governance and ethical values while also emphasizing new awards and rankings.

"We are proud of what we've accomplished in not only creating, but in living our sustainability story," said Aaron Jagdfeld, president and chief executive officer of Generac. "Our Environmental, Social, and Governance Report demonstrates our efforts to deliver sustainable value for all our employees, customers and shareholders."

"As evidenced in the report, we've continued our commitment to building out an effective ESG Program to help us identify ESG topics that deserve attention and resources, developing metrics to measure our performance with respect to those topics, and setting goals to improve that performance," continued Jagdfeld. "We look forward to executing on our ESG commitments and continuing to share our progress."
